## Restaurants

It's easy to draw the Monday night crowd when you have an app working for you. Check-in specials, loyalty rewards, and real-time menu updates grow your customer base and keep them coming back for seconds. Dessert menu, please.

- Accept orders and payments in-app
- Highlight weekly specials
- Reward your regulars with check-in discounts
- Send targeted push notifications to nearby users
- post about your favourite dish on the fan wall
- Give directions & quick contact for users on the go
- Enable in-app reservation-booking
- And more...
